ELECTRIC STEAM GENERATOR
THE PERFORMANCE CLASS
GENERATION E

CERTUSS
E320MX

CERTUSS
E320MX

INCREASED OUTPUT [MODULAR]

_The steam generator is ready for use 3–5 minutes after starting up the system and the equipment design guarantees continuous regulation of the steam output from **0 TO 320 KG/H.**

_Each module can be expanded up to an output of **160 KG/H.**

_The new **GENERATION E** comes in eleven sizes with regard to output.

CERTUSS
E320MX

COMPACT [SPACE-SAVING]

_The compact design decreases the space requirement by up to 25%.

_Equipment dimensions match **STANDARD DOOR SIZE** (80 cm) for efficient assembly.

_Modular design enables the greatest variety because the modules can be arranged as desired.

CERTUSS
E320MX

HMI
[EASY CONTROL]

_The new **HUMAN-MACHINE INTERFACE** guarantees easy, intuitive control in 16 languages.

_When steam demand varies, the technology enables intelligent pressure adjustment and reduces consumption.

_It also allows for **CONDITION MONITORING** and **REMOTE SERVICES** and meets all of the requirements for Industry 4.0.

CERTUSS
E320MX

ONE-VIEW CONTROL
[REMOTE CONTROL]

_The **LED STATUS DISPLAY** and the **WATER LEVEL DISPLAY** at the front of the equipment provide continuous assurance regarding equipment condition at a glance.

CERTUSS

E320MX

INSTALLATION [EFFICIENT]

The optional integrated **WATER MODULE MX-CPA** simplifies installation and lowers costs.

The fully automatic **72-HOUR OPERATION** increases efficiency.

CERTUSS

E320MX

EASY ACCESS [MAINTENANCE ADVANTAGE]

FLEXIBLE ACCESS POINTS make maintenance quick and easy..

CERTUSS

E320MX

**FILTER REPLACEMENT
[MAINTENANCE ADVANTAGE]**

_The **DOUBLE DOOR** allows the filter to be replaced easily and quickly without specialized training.

CERTUSS

E320MX

**COOLING
[INTEGRATED]**

_The optional **SWITCHING CABINET COOLING FUNCTION** ensures operation even at high temperatures.

CERTUSS
E320MX

**OPERATING PRESSURE
[UP TO 16 BAR]**

Safe operating pressure up to **16 BAR**
guarantees a wide range of applications.

CERTUSS
E320MX

**CONTROL
[PLUS]**

The proven **THERMOTIMAT-PLUS CONTROL** is optional. It provides corrosion protection; constant boiler pressure and consistent steam quality increase process reliability.

CERTUSS
E320MX

STEAM
[QUALITY]

_Steam can be produced for **INDUSTRIAL** or **CULINARY** needs based on the application.

CERTUSS
E320MX

LOW WEAR
[LONG LIFE]

_The new **LONG LIFE DESIGN** guarantees high durability, reliability, and long service life.
